Re : Fire Safety Talk

Metro Manila (CNN Philippines) — A huge fire destroyed three buildings at the University of the East (UE) in Recto, Manila on Saturday (April 2).

A man pulls a fire hose as a firefighter tries to put out a fire as it razes the College of Arts and Sciences building of the University of the East in Manila April 2, 2016.

The fire, which gutted the College of Arts and Sciences, College of Engineering and the University Chapel, started at the second floor of the Arts and Sciences building at 9:35 a.m. This prompted school authority to immediately evacuate students from their classes.

UE fire incident happened after the faculty center at University of the Philippines Diliman was also gutted by fire, early Friday (April 1).
